## Why GO with FibroScan®?

The technology provides a validated, **non-invasive solution** that yields a painless exam on patients in less than 10 minutes.

Now includes **SmartExam**, an innovative software that improves the reliability and extends the usage of FibroScan® technology further **optimizing patient care**.

And with **Scores by Echosens**, available for free on the myFibroScan app, you can **quickly assess the severity of your patient's liver damage with biological markers**, including Fast™ and the two newest Scores, Agile 3+ and Agile 4.

myFibroScan

**Robert Leventhal, MD**

Naugatuck Valley  
Gastroenterology Consultants, LLC  
Prospect, CT

*"Patients who get a FibroScan® love the fact that they now have understandable parameters of their NAFLD and NASH, or even just their transient elastography or fibrosis score."*

**Darryn Potosky, MD**

Capital Digestive Care  
Columbia, MD

*"Without FibroScan® technology, we felt that our patients would be missing an important service and that many patients with advanced liver disease and significant health risk would go unrecognized."*

INTRODUCING
